

# ***Fixed Mount Brackets***

## ***Data Sheet***

### **Product Description**

Parsec's heavy duty, steel fixed mounting brackets are rugged, weatherproof and designed for mounting any antennas within the Parsec family of bolt mount antennas. Brackets are wind rated up to 130 mph; A durable antenna needs an equally durable mount!

### **Features**

- **130 mph Wind Rating**
- Sleek Construction
- Multiple Mounting Options
- Wall or Pole Mount Function
- Designed for All Environments
- Weather and Vandal Proof

# ROUNDED PLATE POLE MOUNT BRACKETS

This bracket with a rounded plate is designed for antennas needing a 1 or 1.5-inch mounting hole. Bracket is designed to securely fit poles with 1.5 to 2.5-inch diameters.

Part #	Description	Plate Size	Compatible Antennas
PTA0149	Round plate with 1" hole and pole mount bracket	6.10" D	<a href="#">Chihuahua S</a> & <a href="#">ST</a> , <a href="#">Collie</a>
PTA0149H	Round plate with 1.5" hole and pole mount bracket	6.10" D	<a href="#">Belgian Shepherd</a> , Great Pyrenees, Husky
PTA0149H-F	Round plate with 1.5" hole and pole mount bracket, Horizontal Truss Mounting	6.10" D	Chihuahua S & ST, Collie, Great Pyrenees, Husky
PTA0149H-MG-B	Round plate with 1.5" hole and pole mount bracket, Marine Grade, Black	6.10" D	Chihuahua S & ST, Collie, Great Pyrenees, Husky
PTA0149H-MG-W	Round plate with 1.5" hole and pole mount bracket, Marine Grade, White	6.10" D	Chihuahua S & ST, Collie, Great Pyrenees, Husky

# ROBUST POLE MOUNT BRACKET

This bracket is designed for antennas needing a heavy-duty mount. This bracket has had stiffeners removed, removing stress concentration points and is twice the thickness of the PTA0149 mount. This Bracket is designed for antennas needing a 1.5-inch mounting hole to securely fit poles with 1.5 to 2.5-inch diameters.

Part #	Description	Plate Size	Compatible Antennas
PTA0721	Pole Mount Bracket, Heavy Duty, High Vibration	6.10" D	Great Pyrenees, Husky

# MINI PLATE POLE MOUNT BRACKET

This bracket is designed for smaller antennas needing a 1-inch mounting hole. The included adjustable gear/worm-drive clamps fit poles or rectangular posts with 2.5 to 3.5-inch widths.

Slots for gear clamps run vertically and horizontally.

Part #	Description	Plate Size	Compatible Antennas
PTA0637	Mini plate with 1" hole and pole mounting bracket	7"L x 4"W	<a href="#">Border Collie</a> , <a href="#">Chihuahua S</a> & <a href="#">ST</a>

# RECTANGLE PLATE POLE MOUNT BRACKET

This bracket with a 14-inch-long plate is designed for longer antennas needing a 1.5-inch mounting hole. Bracket is designed to securely fit poles with 1 to 2.18-inch diameters or rectangular posts up to 3 inches wide. Additional slots for gear/worm-drive clamps run vertically and horizontally.

Part #	Description	Plate Size	Compatible Antennas
PTA0638	Rectangle plate with 1.5" hole and pole mount bracket	14"L x 3.75"W	<a href="#">Australian Shepherd</a> , <a href="#">Belgian Shepherd</a> , Irish Setter, Norwegian Elkhound

# RECTANGLE PLATE MOUNT BRACKET w/ NO HOLES

This bracket with a 14-inch-long plate is designed for longer antennas needing a 1.5-inch mounting hole. Bracket is solid and designed for user to drill holes for customizable mounting.

Part #	Description	Plate Size	Compatible Antennas
PTA0640	Rectangle plate with 1.5" hole and bracket with no predrilled screw holes	14"L x 3.75"W	<a href="#">Australian Shepherd</a> , <a href="#">Belgian Shepherd</a> , <a href="#">Irish Setter</a> , <a href="#">Norwegian Elkhound</a>

# RECTANGLE PLATE L MOUNT BRACKET

This bracket with a 14-inch-long plate is designed for longer antennas needing a 1.5-inch mounting hole. L bracket includes predrilled holes and slots for mounting. Bottom part of L bracket is solid and allows user to drill holes for customizable mounting.

Part #	Description	Plate Size	Compatible Antennas
PTA0641	Rectangle plate with 1.5" hole and L bracket	14"L x 3.75W	<a href="#">Australian Shepherd</a> , <a href="#">Belgian Shepherd</a> , Irish Setter, Norwegian Elkhound

# RECTANGLE PLATE L MOUNT BRACKET

This bracket with a 4-inch-long plate is designed for antennas needing a 1.0-inch mounting hole. L bracket includes predrilled holes and slots for mounting.

Part #	Description	Plate Size	Compatible Antennas
PTA0756	Rectangle plate with 1" hole and L bracket	4.18"L x 2.5"W	Border Collie, Chihuahua S & ST, Doberman, Rottweiler
